P	Li Chen, LIB		
P	Larry Wang, MATH		
A	Sid Davis, MGNT		
P	Glenn Allen, MET		
P	Al Churella, SIS		
P	Frank Tsui, CSWE		

1. Quorum

The meeting was called to order by Joel Fowler, Moderator of the Faculty.

2. Reports from Senate Subcommittees

Becky Rutherford reported that the policy on advising is still awaiting input from the ad hoc committee on advising. Dave Pierce's subcommittee planned to bring a document to the floor, time permitting. (Time did not permit.) The other subcommittees did not report.

3. Resolutions

a) A motion to adopt the following resolution passed:

“We the Faculty Senate would like to recommend that the Starbucks currently residing in student housing be moved to the J-Atrium building. The location in the J building would better serve our students and faculty at the south end of campus.”

Patrick McCord informed the body that the move was already being planned. John Mills gave some senators a sketch of the proposed coffee shop. A motion was made to recommend that the glass walls in the inside of the proposed design be removed. The motion passed.

b) A motion was made to adopt a resolution to the effect that Information Technology should prioritize network services in consultation with the faculty. The motion failed to carry.

Submitted by Meg Dillon, Secretary to the Faculty; Approved by Joel Fowler, Moderator to the Faculty

Next Meeting: 10 April 2007
