Colleagues:

This year I'm directing the project to revise the campus Policy and Procedure Manual. On August 30, the president notified campus that some urgently needed P&Ps would be issued as "working documents," before being placed in final form at a later time. Attached are two such working documents--the P&Ps for hiring faculty and for hiring deans.

Let me emphasize that comments on these documents are welcome from all of you during the year. Like other P&Ps, these two will go through the usual review process we've used in the past. But for now we needed a "go-by" document to provide guidance during our searches this year for a dean and for a number of faculty.

If you are unable to open the attached documents, please email Judy Waits so that she can send you a hard copy.
