Students from the Western Hemisphere at SPSU

The **Fall 2003 Enrollment** at Southern Polytechnic State University included 3,275 students who are citizens of the Americas. Minus citizens of the US and Canada, there are 105 students or 3% of the total student population. Of these 105:

- 83% were undergraduates
- 17% were graduates

- 25% were enrolled in the School of Architecture, Civil Engineering Technology and Construction
- 49% were enrolled in the School of Engineering Technology and Management
- 11% were enrolled in the School of Arts and Sciences
- 16% were enrolled in the School of Computing and Software Engineering

- 31% were part-time
- 69% were full-time

- 31% were female
- 69% were male

How do they differ from SPSU's total international student cohort?

- The percentage of undergraduates is 21 percentage points higher.
- The percentage of those enrolled in the School of Computing and Software Engineering is 24 percentage points lower.
